About us

Senior UX/UI Designer

Employment Type
Date Posted
Full Time
24/11/2022

- Established in 2016, FireGroup Technology JSC is a tech company that specializes in web-app solutions for running the business on e-commerce platforms. FireGroup has now become the leading web-app provider, especially on both Shopify and AliExpress platforms.
- Our mission is to solve challenges & problems in the global E-commerce market by using technologies. We are looking for new members who dare to think and grow bigger.

Responsibilities

- By partnering with cross-functional teams and customers, you will turn your insights into delightful products in a creative environment that requires proven leadership skills and the ability to execute a creative vision.
- More responsibilities in detail:
 - Set design requirements based on information from internal teams and user research.
 - Identify new product improvement opportunities.
 - Analyze how a new product satisfies market needs and consumer preferences.
 - Stay up to date on current industry trends and market conditions.
 - Coordinate with other design team members to ensure consistent and accurate communication.
 - Modify and revise existing designs to meet changing customer preferences.
 - Work closely with product engineers to suggest improvements for products and processes.
 - Present product design ideas to cross-functional teams and senior leadership.

Qualifications

- – Proven experience in all phases of the design process including user research, copywriting, wireframing, prototyping, visual design, interaction design, and usability testing
- – An intuitive eye for customer needs beyond the obvious
- – Excellent attention to detail
- – Ability to collaborate with cross-functional team members
- – Ability to collect and interpret both qualitative and quantitative feedback
- – A well-rounded portfolio of client work, demonstrating a strong understanding of client objectives
- – Ability to effectively communicate and persuade around design concepts
- – Passion for design; not satisfied with the status quo and always thinking of ways to improve
- – Creative problem-solving skills
- – Dynamic, creative personality, effective at engaging and influencing a variety of audiences
- – Provide assistance to product engineers when needed
- – Recommend new tools and technologies by staying abreast of the latest trends and techniques

Benefits

Have experience working on projects for the US or European market

- – Join the dynamic, young, and friendly product team
- – Have a stable career path
- – Attractive salary, based on skill and experience

Here at FireGroup, we offer business owners the tools they need to bridge the gap between large corporations and SMEs, the solutions to merchants' problems, as well as customized services tailored to the needs of each business.
